1				Clarification on "Bidding is restricted to Filipino Citizens/Sole Proprietorship, partnerships, and organizations with at least sixty (60%) interest on outstanding capital stock belonging to citizens of the Philippines" does this mean that this project is open to international consultant/firm who are willing to partner with Philippine Local Companies with 60:40 split with the Philippine Local Companies holding the majority share and interest?		Will it be accepted to add additional consortium JV members or subcontractors after Eligibility Document Submission. Request a 20 days extension of the submission of the eligibility documents for the above-mentioned project for us to have enough time in associating with other local firms; authenticating our translated Class A Documents, as required by ED 2.3; applying for Tax Clearance as per Executive Order 398; and authenticating our Class B Documents - Joint Venture Agreements.
