CERTIFICATION

THIS CERTIFIES THAT the MWSS endorses the exemption of personnel of **Luzon Clean Water Development Corporation**, MWSS' concessionaire for the North Zone, who are directly involved and facilitates the following essential water-related activities and services:

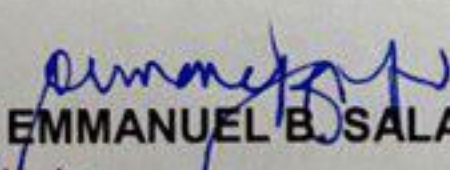

Personnel involved in the Management of Water-related Goods- importation, domestic transport and sale of equipment, devices, and chemicals for water treatment plant/facilities;

Personnel involved in the Management of employees and service providers such as contractors, haulers, and related service providers.

Personnel of contractors that perform indirect services such as security, sales, technical and other support personnel as well as employees of third-party contractors during sales, installation, maintenance, and repair works.

These personnel shall present their company ID or supporting certification in order to be allowed to travel and perform the unimpeded delivery of water services at any time.

This is to further certify that the services of our Concessionaires are in accordance with their commitments under the Concession Agreement with the Government to ensure availability and delivery of safe and continuous water supply, and other essential water-related services, especially during the time of public health emergency.
