

MWSS' Gift giving Tradition to Dumagats Continues

The yearly tradition giving gifts to Dumagat brethren in Angat continues as a team of MWSS-CO officials and employees went to Angat on 19 December 2018.

For MWSS, the yearly gift-giving means imparting to the Dumagats that they belong and are real members of this diverse society. The Dumagats are continuously helping in the protection of watersheds as they act as overseer in maintaining the forest at the Ipo and Angat Watershed areas.
